AmeriCorps

AmeriCorps gives U.S. citizens the opportunity to engage in full or part-time service to their community. Working through a grassroots network of more than 1,000 national and local nonprofit and faith-based organizations, AmeriCorps members serve communities and address local environmental, educational, public safety, healthy futures, and other human needs to make communities stronger.

AmeriCorps members help to solve problems and make communities stronger. Working with national, state, and local nonprofit organizations, AmeriCorps members recruit and train volunteers, tutor and mentor at-risk youth, make schools and neighborhoods safer, build and rehabilitate homes, clean rivers and restore parks, help seniors live independently, provide health care in underserved rural and Native American communities, and provide emergency and long-term assistance to victims of natural disasters, among other things. AmeriCorps members serve in communities across America, in both urban and rural areas.

Federal funding priorities for the 2019-20 program year include: education, healthy futures, environmental stewardship, economic opportunity, disaster relief and preparedness, and veterans and military families.

Becoming an AmeriCorps Member General Requirements

An individual must be a U.S. citizen, national, or legal permanent resident alien of the U.S. to be an AmeriCorps member. An individual must be at least 17 years old. For most programs there are no upper age limits. Some programs have specific skill requirements, and others look for a high school or bachelor's degree or a few years of related volunteer/job experience. For others, an individual's motivation and commitment may be the primary requirement.

Every AmeriCorps program begins the year with a fixed number of program slots, or positions. Some of these slots are for full-time positions and some are for part-time positions. Individuals interested in becoming an AmeriCorps member in New York State should review the information about each of the 2019-20 programs and contact the programs they are interested in directly for more information, an application, and start dates. Additional information about each program can be found at the [My AmeriCorps Portal](#).

AmeriCorps Education Award

Full-time AmeriCorps members serving in 2019-20 who perform 1700 hours of service will earn an education award of \$6,095 upon successful completion of a term of service. Full-time AmeriCorps members also receive a living allowance, are eligible for health insurance, and if income eligible, child care. Part-time members receive a pro-rated education award and in some cases, part-time members are also eligible for a pro-rated living allowance. AmeriCorps members receive training and learn valuable life skills.

Additional Information

For other eligibility criteria and more information about AmeriCorps, visit the New York State Commission website at <https://www.NewYorkersVolunteer.ny.gov> or the Corporation on National and Community Service website at <https://www.nationalservice.gov/programs/ameri corps>

The New York State Commission on National and Community Service

The New York State Commission on National and Community Service manages and provides funding to AmeriCorps State run programs. These programs engage individuals from all backgrounds in community service. In New York State, approximately 2,000 AmeriCorps State members serve their communities each year. To meet the specific needs of their communities, organizations throughout New York State apply for AmeriCorps grants through the New York State Commission on National and Community Service. The funded programs recruit and train individuals who are willing to serve as AmeriCorps members. In return for their service, AmeriCorps members receive a living stipend and an education award that can be applied to outstanding student loans or future higher educational and vocational training pursuits.

Community service offers citizens a way to improve their lives while also bringing substantive, enduring change to their communities. It enables citizens to solve problems and strengthen their communities in the areas of education, public safety, the environment, health care, housing and other human needs.

Other National Service Programs

The Commission also collaborates with the Corporation for National and Community Service and the New York State on community service programs in the State. These include AmeriCorps National, AmeriCorps VISTA, and Senior Corps.

AmeriCorps National: Explore how AmeriCorps State and National members put their 'passion into action' and serve on projects that matter the most to their communities. Find the AmeriCorps State and National program that fits you; search hundreds of programs in communities across the country and in your community. Choose the flexibility of a part- or full-time program, select your interest area, and earn a Segal AmeriCorps Education Award.

For more information: <https://www.nationalservice.gov/programs/ameri-corps/ameri-corps-state-national/become-member>

AmeriCorps VISTA (Volunteers in Service to America) members serve in nonprofit organizations across New York State and are dedicated to strengthening communities by increasing the capability of people to improve the conditions of their own lives through employment training, literacy programs, housing assistance, health education, and neighborhood revitalization.

For more information: <https://www.nationalservice.gov/programs/ameri-corps/ameri-corps-programs/ameri-corps-vista>

Senior Corps enables individuals aged 55 and older to change and improve the quality of life through service opportunities. The Corps helps these individuals find service opportunities related to their interests close to their homes. The Senior Corps includes three programs - Foster Grandparents, the Senior Companion Program, and the Retired and Senior Volunteer Program (RSVP).

The Student Conservation Association (SCA) New York AmeriCorps Program provides critically needed environmental education to both rural and urban communities and addresses the ever-increasing need to protect at-risk ecosystems on public and nonprofit lands. Dedicated to the CNCS focus area of Environmental Stewardship, 59 AmeriCorps members complete vital conservation projects and provide environmental education throughout New York City, the Hudson Valley and the six-million-acre Adirondack Park. AmeriCorps members are responsible for improving 100 acres of parks and public lands as well as 80 miles of trails and waterways.
